MEMORANDUM FOR THE RECORD

Subject: Psychiatric Warfare

First Lieutenant Gerald Geiger, USAF, Headquarters ARCS, was in this morning for a second talk with regard to his proposed project ESSEX on psychiatric warfare. He left with me two copies of his proposal.

Lt. Geiger graduated from CCNY in August 1948 with a B.A. in Romance Languages and Art. During the war he was a combat intelligence NCO in the European theatre for the infantry and cavalry in France, Germany and Austria. He was commissioned a Second Lieutenant in the MI Reserve in March 1948 and went on active duty with the Army in November 1948. He transferred to the Air Force in May 1950, and since May 1951 he has been in Air Force psychological warfare. He is currently assigned to the Psychological Warfare Training and Intelligence Section, Psychological Warfare Branch, Training Division, Directorate of Operations, Headquarters ARCS. His telephone number is Code 192, extension 75 or 337.

I informed Lt. Geiger that I would circulate one copy of his memorandum within the PSB staff for possible reactions and send one copy to CIA for their consideration and comment. I told him that he would hear further from me in about a month or so.
